

# **ROLE OF OUR INSTITUTION IN DRUG TREATMENT**

**Belize Presentation**

# NATIONAL DRUG ABUSE CONTROL COUNCIL

Is a governmental organization and its main objectives are to:

- Promote drug demand reduction strategies in schools
- Alleviate the consequences associated with the misuse of illicit and licit drugs
- To create a school environment where drug use is not acceptable.

These objectives are executed through the following six component.

- × Drug prevention
- × Public education
- × Community empowerment
- × Research and information
- × Rehabilitation and Treatment
- × Legal reform

# NDACC MISSION STATEMENT

- “To create a society free from the abuse of drug while advancing the good Health and moral well being of the nation”.

# NATIONAL DRUG ABUSE CONTROL COUNCIL

## *(OUTREACH CASE WORKER)*

- Implement and coordinate projects that focus on treatment and rehabilitation undertaken by the National Drug Abuse Control Council in collaboration with its public, private sector and community partners.
- Work with clients, rehabilitation facilities and clinical staff to develop a psychosocial treatment plan.
- Refer clients to available resources for treatment, rehabilitation and/or other support group service and coordinate the services when necessary.
- Maintain therapeutic relationship with ongoing clients in congruence with professional counseling ethics.
- Assist community and public sector organizations engaged in treatment and rehabilitation by providing outreach program material and mounting exhibitions at public functions.

# NATIONAL DRUG AND ALCOHOL TREATMENT POLICIES AND STANDARDS

- The National Drug Abuse Control Council oversees that all Rehabilitation Institutions adopt to the minimum Standards of Care.
- Have process and instruments to measure outcomes & effectiveness
