Specialized Tracks (8.5 days):

Dissemination of Curriculum

Training Program in 50+ countries

Pillar Two: Professionalization

Credentialing

By independent organization

- **For the workers in the treatment and prevention field**
- Requires hours of education or a certification
- Requires clinical hours of experience
- Take and pass an exam

Accreditation

By designated government agency

- **For the programs or facilities.**
- Government-appointed agency conducts unannounced inspections
- Evaluation is provided based on meeting minimum or quality standards
- Centers/programs receive an evaluation score

Licensing

By designated government agency

- **For the workers and programs.**
- Government-appointed agency recognizes the credentialing and accreditation process and provides the worker/program with a license to practice
- The DDR system is regulated by the state to ensure consistency and quality standards

Pillar Two: Professionalization

Colombo Plan's *International Center for Credentialing and Education of Addiction Professionals (ICCE)*

- International Certified Addiction Professional – Levels I, II, III
- International Certified Prevention Specialist – Levels I, II
- Clinical Supervision
- Recovery Coach
- Endorsements (e.g. Women's Treatment)

Pillar Three: Building Global Networks

- International Society of Substance Use Professionals (ISSUP)
 - **Next workshop December 4-8 in Cancun, Mexico**
 - **Register now WWW.ISSUP.NET**
- International Consortium of Universities for Drug Demand Reduction (ICUDDR)
- Community Anti-Drug Coalitions (CADCA)

Collaboration with INL

- INL seeks long-term partnerships with governments, civil societies, and universities.
- Process to obtain materials and coordinate:
 1. Write a letter to INL and/or OAS requesting the materials and designate a point of contact.
 2. Provide list of trainers and in coordination with Ios we organize the first training of trainers.
 3. We share all materials freely but ask that any trainings be registered on the ISSUP website.
