THIS REPRESENT 18.2% OF CANNABIS USERS
IN URUGUAY

Dispensation made in Pharmacies (start July 2017)

"The confrontation with drug trafficking has been a failure in all parts of the world, to continue insisting on combating a pathology of society with the same tools that failed is totally useless"

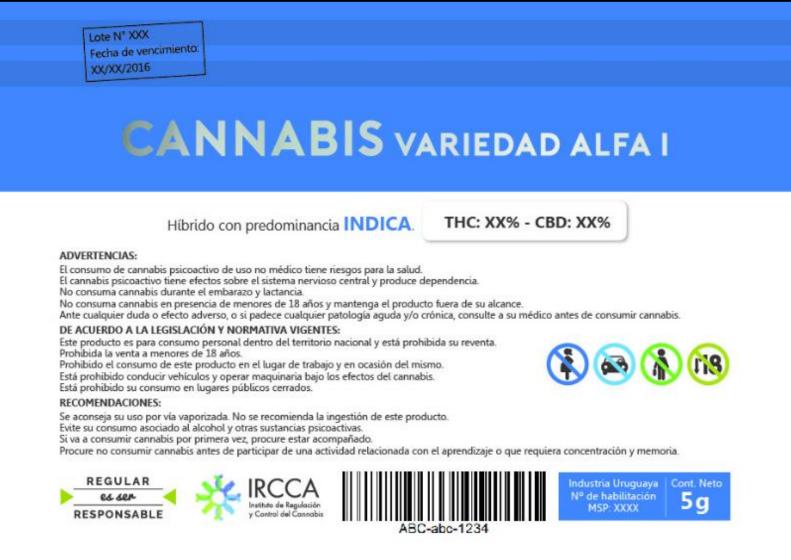

Dr. Tabaré Vázquez President of the Republic "I think the theory of competing for the market against criminal organizations is reasonable"

Jorge Díaz Court Attorney "I think it is positive that users can now go to a safe place and not go through a criminal activity or be exposed to situations that can harm him or third parties"

Mario Layera Director of the National Police "Uruguay is in an unbeatable position to conduct scientific studies on the effects of marijuana"

Alba Negrín Toxicology Expert
