

YOU'RE INVITED

IGY MARINAS AND THE MARITIME SECURITY COUNCIL PRESENT THE YACHT INDUSTRY SECURITY CONFERENCE

January 11-12, 2011 at Yacht Haven Grande in St. Thomas, USVI

UPDATE ON CURRENT TRENDS & SECURITY-RELATED ISSUES IN THE YACHTING COMMUNITY

Presentations from government representatives and industry experts on the relevant security issues impacting the yachting and marina communities, and the sharing of best practices.

PARTICIPATION IN U.S. COAST GUARD CONDUCTED EXECUTIVE LEVEL SECURITY EXERCISE

Certificate of Participation in an Executive Level Security Exercise conducted by the U.S. Coast Guard that meets the requirements mandated by the international ISPS Code and the U.S. Maritime Transportation Security Act on conducting an annual vessel security exercise.

SECURITY AWARENESS BRIEFING

The Maritime Security Council will conduct a Security Awareness Briefing for those captains and crew that participated in the conference. This briefing will outline the security issues facing yacht personnel and provide situational training to security incidents.

YACHT SECURITY AUDIT

The Maritime Security Council will conduct a vessel security audit for vessels of participating captains. The audit will address requirements designated by international regulations and provide recommendations when appropriate.
