the Organization of American States

and

the European Telecommunications Standards Institute

The Parties to the present Agreement: the General Secretariat of the Organization of American States through and for the Inter-American Telecommunication Commission ("CITEL"), represented by the CITEL Executive Secretary, duly authorized, and the European Telecommunications Standards Institute ("ETSI"), represented by its Director-General,

Considering that CITEL is an entity of the OAS, established by the OAS General Assembly to facilitate and promote the continuing development of telecommunications in the hemisphere;

Taking into account that in accordance with article 3 of its Statute, one of CITEL's functions is to maintain continuous contact with the various organizations in the field of communications;

Further taking into account that article 95 of the CITEL Regulations provides that CITEL shall collaborate through such agreements, as it deems necessary, with technical governmental, non-governmental and intergovernmental agencies engaged in activities consistent with CITEL's objectives and functions, for the purpose of maximizing cooperation and coordination in its activities and work;

Bearing in mind that OAS General Assembly Resolution AG/RES. 57 (1-0/71) establishes that the mechanism by which the organs of the OAS may establish cooperative relations with other national and international institutions is through cooperative agreements signed by the Secretary General or his duly designated representative;

Taking into account that ETSI undertakes pre-standardization and standardization activities in areas common to telecommunications, information technology, sound and television broadcasting, and produces European standards (ENs) in the field of telecommunications;

Further taking into account that ETSI aims to contribute to world-wide standardization at the international level and is the recognized European Standardization Organization for telecommunications;

Recognizing that ETSI is authorized to enter into cooperative relations with CITEL,
