ECUADOR
**PROGRAM SUMMARY**

Within the framework of the Follow-up Mechanism on the Implementation of the Inter-American Convention against Corruption (MESICIC), the implementation of the recommendations made to the Republic of Ecuador in the Second Round of Review was analyzed, referring to: i) systems of government hiring; ii) procurement of goods and services; iii) protecting public servants and private citizens who in good faith report acts of corruption; and iv) criminalization acts of corruption.

Likewise an analysis of the implementation of the provisions of the Convention selected by the Committee for the Fifth Round was carried out, related to: i) training to public servants to ensure an adequate understanding of their responsibilities and the ethical standards that govern them; and ii) the study of preventive measures that take into account the relationship between equitable compensation and probity in public service.

As part of this analysis, with the consent of the Republic of Costa Rica, an on-site visit was held from April 5 to 7, 2016. The representative of Guatemala in his capacity as member of the review subgroup participated, with the support of the MESICIC Technical Secretariat. This on-site visit gathered information from government officials, civil society organizations, the private sector and academics on the issues under analysis.

**OBJECTIVES**

That the Republic of Ecuador strengthen its legal and institutional tools in the areas of the Convention mentioned above, through concrete recommendations formulated to it, which will result in greater effectiveness in the prevention, detection, investigation, punishment of acts of corruption and in the protection of the people that report them.

**RESULTS**

At the Twenty-Seventh Meeting of the MESICIC Committee of Experts held from September 12 -16, 2016, a country report was adopted regarding how the Republic of Ecuador is implementing each of the aforementioned provisions of the Convention and containing concrete recommendations on how to fill the gaps and correct inadequacies detected. PROGRAM SUMMARY

Since 2005, the Youth Forum of the Americas has served as an official platform for young people to take the lead in initiating activities that generate spaces to proactively contribute to the definition of priorities and mandates for states.

As a result of each Forum, the youth adopt a declaration of commitment related to the mandates of each Summit. This is how young people make concrete proposals to governments, while at the same time setting their own agenda for action and follow-up to the agreements reached at the Forum.

From each statement, the youths themselves will take action and present recommendations to the actors involved in the forum and delegations of the participating governments. Young people undertake not only to demand actions from governments, but also to take on responsibilities to meet the challenges of each region.

OBJECTIVES

The forum is a process based on face-to-face and virtual consultations as well as regional and local events in OAS Member States. This is constituted as the participatory component of the Forum; youth have the opportunity to express opinions on a platform created by YABT for them.

The forum has been consolidated as a hemispheric platform and official channel to express its recommendations, suggestions and actions to the leaders responsible for the continent’s policies. The youth thus contributes to the definition of the priorities and mandates of the Summits.
