PETITION 1014-06
REPORT ON FRIENDLY SETTLEMENT
ANTONIO JACINTO LÓPEZ MARTÍNEZ
MEXICO
APRIL 8, 2019

I. SUMMARY AND PROCEDURAL CONSIDERATIONS RELATED TO THE FRIENDLY SETTLEMENT PROCEEDINGS

1. On September 19, 2006, the Inter-American Commission on Human Rights (hereinafter “the Commission” or “IACHR”) received a petition presented by Maurilio Santiago Reyes, on behalf of the Centro de Derechos Humanos y Asesoría a Pueblos Indígenas A.C., (hereinafter “petitioner”), alleging that the United Mexican States (hereinafter “State,” “Mexican State” or “Mexico”) was internationally responsible for the violation of the human rights enshrined in Article 5 (right to humane treatment), 8 (right to a fair trial), 23 (right to participate in government), 25 (right to judicial protection) and 26 (progressive development), in connection with Article 1 (obligation to respect rights) and Article 2 (domestic legal effects) of the American Convention on Human Rights (hereinafter “Convention” or “American Convention”), to the detriment of Antonio Jacinto López Martinez, a Triqui indigenous campesino leader and municipal president elected through the traditional system of customary law of the San Martín Itunyoso community of Oaxaca (hereinafter “alleged victim”), stemming from arbitrary removal from the above-referenced office.

2. Because of threats against Antonio Jacinto López, the petitioners filed a request for precautionary measures with the IACHR on July 27, 2005, which was granted on July 29, 2005, under number 165-05. Antonio Jacinto López was murdered while he was a beneficiary of precautionary measures issued by the Inter-American Commission on Human Rights.

3. On July 13, 2015, the parties held a working meeting, in Mexico, and signed a letter of understanding to seek a friendly settlement. The parties entered into a Friendly Settlement Agreement on September 23, 2015, at a working meeting in Mexico, where Commissioner James Cavallaro acted as facilitator, in his capacity as country Rapporteur. On September 28, 2015, the parties signed an addendum to the friendly settlement agreement.

4. The parties held working meetings with Commissioner Esmeralda Arosemena de Troitiño, in her capacity as IACHR Rapporteur for Mexico, acting as facilitator, on the following dates: March 17 and August 31, 2017; February 26, September 31 and December 6, 2018; and February 12, 2019. At the last working meeting, the parties jointly requested the Commission to approve the friendly settlement agreement.

5. Pursuant to Article 49 of the Convention and Article 40.5 of the Commission’s Rules of Procedure, a brief statement of the facts alleged by the petitioner and a verbatim transcription of the friendly settlement agreement entered into on September 23, 2015 between the petitioner and the representatives of the Mexican State are reproduced hereunder in the instant report. The Commission also approves the agreement between the parties and the publication of this report in the IACHR’s Annual Report to the General Assembly of the Organization of American States.

II. ALLEGED FACTS

6. The petitioner alleged that Antonio Jacinto López was a Triqui indigenous campesino (farmer) and had been constitutionally elected by his community as municipal president of the municipality of San Martín Itunyoso through the ancestral system of traditional customary law (usos y costumbres). According to the petitioner, this traditional system entails the holding of three general assemblies for the appointment of

1In keeping with Article 17.2a of the Rules of Procedure of the IACHR, Commission member Joel Hernández, a Mexican national, did not participate in the discussion or decisions on this case.
such authorities. After a first assembly, where the person is elected, the nominee must be confirmed at two other assemblies and then the person officially becomes the municipal president. This procedure, as claimed by the petitioner, is recognized under the Political Constitution of the Mexican State and under local law of the State of Oaxaca.

7. The petitioner contended that on October 24, 2004, the general assembly of the members of the community of San Martín Itunyoso appointed Antonio Jacinto López as Constitutional Municipal President pursuant to the procedure described above. Nonetheless, on December 27, 2004, Mr. López Martínez was summoned to the offices of the General Secretariat of Government, where he was told by the then outgoing municipal president, in front of the Assistant Secretary of Government of the State of Oaxaca, that he was not qualified to serve the office and that every possible measure would be taken to keep him from taking said office. Subsequently, according to the petitioner’s account, Antonio Jacinto López was threatened he would be killed if he took possession of the office.

8. As recounted by the petitioner, on December 30, 2004, Decree No. 39 of the 59th Constitutional Legislative Period of the State of Oaxaca was issued, declaring that the elections for municipal councilmen as constitutional and statutorily valid, under the rules of customary law for the period of January 1, 2005, to December 31, 2007. The petitioner contends that said decree also recognized as valid the elections held in the Municipality of San Martín Itunyoso, electing Mr. López Martínez the leader of the community, as described above.

9. The petitioner asserted that on January 3, 2005, the swearing in ceremony was supposed to have taken place at the town hall of San Martín Itunyoso, but because of death threats, Mr. López Martínez decided to not go through with it at that time and, instead, convened a general assembly of the community members of the municipality of San Martín for January 30, 2005. The petitioner recounted that on that day, when he was on his way downtown, along with approximately two hundred people, who were accompanying him to the ceremony to swear him into office, he was attacked, at the cross street of Cruz de Conejo, by the outgoing municipal president and a group of armed men, who fired weapons at Antonio Jacinto López and the residents of the municipality, who were accompanying him, in order keep the public ceremony to swear him into office from taking place. According to the petitioner’s allegations, four individuals died in this confrontation. The petitioner also claimed that on July 25, 2005, Mr. López Martínez was intercepted by two individuals and was again threatened with death. Based on the foregoing, on July 29, 2005, the Commission granted him precautionary measures, requesting the State to take the necessary measures to protect the life and personal integrity of Antonio Jacinto López Martínez and investigate the events giving rise to the adoption of precautionary measures.2

10. The petitioner contended that because Antonio Jacinto López was prevented from actually taking office, another person took his place irregularly, illegally and unconstitutionally, having been appointed by the outgoing municipal president as opposed to being chosen by the residents of the municipality, pursuant to the traditional system of customary law. The petitioner recounted that on February 17, 2005, the Congress of Oaxaca issued Decree No. 57 ordering the removal of Antonio Jacinto López from the office of municipal president, without any prior hearing or notification of any proceedings brought against him, and based on an alleged request for leave of absence by Mr. López Martínez, which was the product of document forgery.

11. The petitioner noted that on July 11, 2005, Antonio Jacinto López filed for constitutional relief via amparo proceedings, under case number No. 860/2005, which was denied on December 23, 2005, by the Fourth District Court of the State of Oaxaca, for lacking proper grounds for an amparo claim. According to the petitioner, a motion for review of judgment was filed against the denial and on March 8, 2006, the denial was upheld by the 13th Circuit Court Panel.

12. On October 17, 2011, Antonio Jacinto López Martinez was shot at point blank in the head by unidentified individuals and killed, while he was walking along Calle Claudio Cruz, between the corner of

Isabela Católica and Colón, in the City of Tlaxiaco, in the State of Oaxaca, and while he was still the beneficiary of the IACHR’s precautionary measures.

13. On November 25, 2015, the IACHR decided to lift the precautionary measures under Resolution No. 53/2015, as a result of the death of the beneficiary.

III. FRIENDLY SETTLEMENT

14. On September 23, 2015, the parties held a working meeting in Mexico, with the accompaniment of Commissioner James Cavallaro in his capacity as country Rapporteur. In the context of this meeting, the parties signed a friendly settlement agreement. The text of the friendly settlement agreement submitted to the IACHR on December 28, 2015, states as follows:

The party moving for early termination of the Agreement or for a finding of early satisfaction of an obligation must attach to its communication to the IACHR the evidence that irrefutably proves that the grounds of Clauses 6.2 and 6.3 have been met.
Once the motion referenced above in the preceding paragraph has been received, the parties request the IACHR to advise the opposing party and to grant it a reasonable period of time to reply thereto and to introduce any evidence it deems pertinent.

In the event that the “Victim” requests early termination of the Agreement, after hearing both Parties, if the IACHR considers any of the grounds for early termination set forth in Clause 6.2 of the Agreement to have been met, the Parties will request it to proceed pursuant to Article 40.6 of the Rules of Procedure of the Inter-American Commission on Human Rights.

In the event that the Mexican State requests a finding of early satisfaction of an obligation of the Agreement, after having heard both Parties, if the IACHR considers any of the grounds set forth in Clause 6.3 to have been met, the Parties expressly agree and request the IACHR to issue a finding of compliance with the obligation in question or with the entire Agreement, as the case may be.

Clause 6.5. Prohibition of unilateral termination of the Agreement. Neither of the Parties may unilaterally terminate the instant Agreement.

Clause 7.3. Dispute resolution. The Parties agree that should a disagreement arise regarding the interpretation and/or implementation of the instant Agreement, they are under the obligation to engage in effective and good faith negotiations to settle it.

Only when the negotiations fail, the Parties will submit the controversy to the arbitration of the IACHR, which is to act as mediator to settle it.

The Parties expressly waive any other avenue of dispute resolution that may exist under domestic legislation or international law.

28. With regard to Clauses 3.11, 3.12, 3.13 and 3.14, pertaining to the protocol for implementation of IACHR precautionary measures and the draft legislative bill, on October 1, 2018, the State reported that with the support of the organization “Enfoque DH,” the “General Guidelines for the Process of Intake, Processing and Implementation of Precautionary and Provisional Measures of the Inter-American Human Rights System for the Human Rights Defense Unit of the Secretariat of Government” were drafted, for the purpose of establishing the procedures to be followed by the State to implement the precautionary and provisional measures ordered by the bodies of the Inter-American Human Rights System, governed by the principles of good faith, differential and specialized approach, maximum protection, due diligence and non-discrimination.

29. Likewise, on April 23, 2018, in the auditorium of the neighborhood of San Diego of the city of Tlaxiaco, the forum “Dialogue for the creation of a Protocol on the General Guidelines for the Process of Intake, Processing and Implementation of Precautionary Measures granted by national and international Human Rights Defense Bodies” was held, and was attended by Commissioner Esmeralda Arosemena de Troitiño, the Human Rights Ombudsman of the People of Oaxaca, representatives of the Federal and State Governments, members of civil society organizations and beneficiaries of precautionary measures from the state. In this regard, the Commission highlights the importance of the activity of the forum for the preparation of the protocol for the implementation of precautionary measures and the great support of the participation of the Commission by the community.
On August 31, 2018, a working meeting convened by the IACHR was held, where the Centro de Derechos Humanos y Asesoría a Pueblos Indígenas and representatives of the victims gave their observations and proposals on the general guidelines for the implementation of precautionary measures proposed by the Mexican State. The Mexican State also reported that it made the changes to the protocol for the implementation of precautionary and provisional measures, as requested by the petitioner.

On February 12, 2019, at the working meeting held in the context of the 171st IACHR Session, the parties agreed that the new name of the protocol would be “Protocolo para la Instrumentalización e Implementación de Medidas de Protección del Sistema Interamericano, Universal y Nacional de Derechos Humanos.” They further agreed on the following roadmap for the publication of the protocol:

**Roadmap for the Publication of the Protocol on Precautionary Measures**

**February 12, 2019**

Within a period of 3 months from the publication of the Approval Report, the State must:

a) Publish it in an official register;

b) Officially launch the protocol at a public ceremony in Oaxaca, with the participation of the IACHR;

c) Print the protocol and post it on the SEGOB webpage.

In this regard, based on the information provided by the parties, the Commission finds total compliance with items 3.11, 3.12 and 3.13 and so declares it.

The Commission also understands that the roadmap for the publication of the protocol agreed upon by the parties provides substance to Clause 3.14 of the friendly settlement agreement with regard to dissemination of the protocol and, as such, it understands it to be an integral part of the FSA and so declares it. Regarding this item, the Commission finds that it is still pending compliance and so declares it. The Commission awaits compliance with the roadmap for publication of the protocol as agreed by the parties on February 12, 2019 to be able to declare total compliance with this item.

As for Clause 3.15, relating to the legislative bill based on the protocol for implementation of precautionary and provisional measures, the State reported on October 1, 2018 that the document titled “Structure and content of the central items of the legislative bill of the State of Oaxaca about precautionary measures in the context of compliance with the friendly settlement agreement relating to the case of Antonio Jacinto Lopez” was drafted jointly with the petitioner, listing the major elements that would be included in the proposal for the legislative bill. Additionally, at the working meeting held between the parties in the context of the 170th Session of the IACHR, the petitioner reported that he hoped that the draft bill would become law in the future, but he acknowledged that the State’s commitment was to introduce a legislative bill and that when this took place, the petitioner would consider there to be total compliance with this clause. Based on the information provided by the parties, the Commission finds that there has been partial compliance with this item of the agreement and so declares it. The Commission awaits the State’s confirmation of introducing the legislative bill in order to assess total compliance with this item.

With respect to Clauses 3.16, 3.17 and 3.18, pertaining to compensation for non-pecuniary and pecuniary damages, respectively, on October 1, 2018, the State reported that on November 11, 2015, cashier’s checks, drawn on Banco Santander, were given to Mrs. Julia Vásquez Bautista for the amounts established in the friendly settlement agreement. The State also submitted the administrative record of the delivery of the checks and an uncertified photocopy thereof. For his part, at a working meeting held between the parties in the context of the 164th Session of the IACHR, the petitioner reported that in fact the State had made the compensation payment, as established in the agreement. In view of the information provided by the parties, the IACHR finds total compliance with clauses 3.16 and 3.17 of the agreement.

Based on the foregoing reasons, the IACHR finds that there is total compliance with Clauses 3.5 (incorporation into the people’s health insurance program); 3.7 (academic scholarships); 3.8 (public ceremony of acknowledgement of responsibility); 3.10 (training course for public servants of the State of
Oaxaca); 3.11, 3.12 and 3.13 (regarding the protocol for precautionary measures); 3.16, 3.17 and 3.18 (financial compensation), and so declares it.

37. Additionally, as for Clauses 3.2 (investigation); 3.3 (comprehensive health care); 3.9 (dissemination of the public ceremony of acknowledgement of responsibility); and 3.15 (draft legislation for the establishment of a procedure to implement precautionary measures), the Commission understands that the State has begun to adopt measures for the implementation thereof and, therefore, finds that there is partial compliance with those items of the agreement and so declares it. Regarding Clause 3.14 (dissemination of the protocol of precautionary measures), the Commission finds that it is pending compliance and so declares it.

38. Finally, the IACHR finds that the rest of the content of the friendly settlement agreement is of a declarative nature and, as such, it will continue to supervise implementation of the execution clauses cited above for which there still has not been full compliance (3.2, 3.3, 3.9, 3.14 and 3.15).
