## ▼ ABOUT THE PARTNER INSTITUTIONS

---

The OAS General Secretariat (GS/OAS) is the central and permanent organ of the [Organization of American States](#) (OAS). Through its Department of Human Development, Education and Employment (DHDEE), GS/OAS supports [OAS member States](#) in creating policies and executing programs that promote human capacity development at all educational levels. By enabling formative opportunities to citizens, DHDEE strengthens democratic values and security under the framework of regional integration. DHDEE does this: (i) by supporting the efforts of OAS member states to improve the quality of and equity in education; and (ii) by assisting the citizens of the Americas in realizing their full potential by giving them access to knowledge and skills through training that improves the standard of living for individuals, families and communities in the region.

The [Galilee International Management Institute – Israel](#) (GIMI) develops advanced capacity building courses for professional personnel from all over the world. Since its establishment in Israel in 1987, the GIMI has received a global reputation as a leading management institute.

The GIMI was founded on the belief that all countries can advance its economies by investing in the human element - in the knowledge as well as the innovative, daring thinking of the people working in each sector of society. This belief followed as the GIMI witnessed the rapid economic and infrastructural development of Israel in less than seventy years since its establishment, despite the lack of natural resources. Social emphasis on education and initiative has proven to be a powerful engine of progress.

To date more than 16,000 senior managers, administrators and planners, from over 170 countries, have graduated from the GIMI's programs. As the GIMI is actively concerned with sustainable progress, the GIMI's senior management keeps in touch with its graduates, fostering cooperation and knowledge sharing, years after of participation in the GIMI courses. In turn, the GIMI's valued alumni provide feedback that enables GIMI to continue improving and making its programs the most relevant from year to year.

### **Galilee Achievements and Initiatives**

Taking advantage of the position of Israel as an innovative world leader in various fields, based on knowledge development and investment in education, GIMI has a team of experts that deliver comprehensive and varied programs. In addition to its annual offerings, GIMI has long-term training agreements with many countries, including China, Kenya and Nigeria, by granting tuition scholarships. This is in line with GIMI's mission to increase its commitment to share the Israeli know-how in an effort to improve sustainable development. The GIMI is proud that its graduates attribute much of their success from attending GIMI programs. Among its Alumni are Government Ministers, University Vice Chancellors, State Governors and high ranking officials, both Governmental and from the NGO sector.

Pertinent to its belief that everyone benefits by co-existence, despite the current political climate GIMI constantly works with and welcomes participants from Jordan, Egypt, Indonesia, Afghanistan and key Palestinian organizations to deliver capacity building programs to advance development. The GIMI views this pro-active investment, especially in regional cooperation, as key in the path to peace. The GIMI also participates in many projects that promote Israeli-Palestinian endeavors towards co-existence.
