▼ ABOUT THE PARTNER INSTITUTIONS

The OAS General Secretariat (GS/OAS) is the central and permanent organ of the [Organization of American States](#) (OAS).

- Through its Department of Human Development, Education and Employment (DHDEE), GS/OAS supports [OAS member States](#) in creating policies and executing programs that promote human capacity development at all educational levels.
- By enabling formative opportunities to citizens, DHDEE strengthens democratic values and security under the framework of regional integration.
- DHDEE does this: (i) by supporting the efforts of OAS member states to improve the quality of and equity in education; and (ii) by assisting the citizens of the Americas in realizing their full potential by giving them access to knowledge and skills through training that improves the standard of living for individuals, families and communities in the region.

[The University for Information Science and Technology "St. Paul the Apostle" \(UIST\)](#) in Ohrid, Republic of Macedonia, is a higher education institution dedicated to the education of the next generation of leaders for the digital 21st century.

- UIST implements a student centered, problem-based teaching approach with continuous updates to their curriculum based on the rapid evolution in information technology research, practice and applications.
- The UIST is a modern institution that follows the latest trends in the fields of information science and technology. In order to achieve this goal, UIST offers three-year and four-year programs in information science and technology, which lead toward a “Bachelor of Science in Information Science and Technology” degree in the respective study fields.
- The academic staff has extensive experience in the preparation and realization of scientific-research activities, participation in renowned international conferences with research papers, and publication of research papers in international peer reviewed journals.
- In addition, a successful collaboration in international projects is being realized both in the country and abroad.
- UIST is ranked among the top five universities in the Republic of Macedonia, according to the Shanghai Jiao Tong University ranking list.
- To further promote International competitiveness among its prized students, UIST has adopted the English language as the medium of instruction.
- The objective of the establishment of the University for Information Science and Technologies “St. Paul the Apostle” Ohrid is to train highly educated cadres that will meet the demand of the labor market for creative and inventive engineers and scientists in the field of information science and technology.
