- ✓ Comply with all the academic guidelines and admission requirements requested by GIMI and submit to the updates of these guidelines and requirements made by the academic authorities at GIMI.
- ✓ Comply with the provisions indicated in the "Financial responsibilities of awardees."
- ✓ The scholarship can be declined by the awardee before the start date of the program without financial penalties. However, if s/he declines the scholarship after that date without proof of force majeure, the OAS, PAHO/WHO and GIMI may require the Scholarship recipient to reimburse all funding granted to her/him with the scholarship at the time in which the declination is processed.
  
- ✓ Commitment to return to work in their sponsoring country or legal residence in one of the OAS and PAHO member states, or at an international organization, for at least six months. Failure to comply with this commitment, the GS/OAS and/or the GIMI could seek reimbursement for the total value of the scholarship awarded.

## ▼ ABOUT THE PARTNER INSTITUTIONS

The OAS General Secretariat (GS/OAS) is the central and permanent organ of the [Organization of American States](#) (OAS). Through its Department of Human Development, Education and Employment (DHDEE), GS/OAS supports [OAS member States](#) in creating policies and executing programs that promote human capacity development at all educational levels. By enabling formative opportunities to citizens, DHDEE strengthens democratic values and security under the framework of regional integration. DHDEE does this: (i) by supporting the efforts of OAS member states to improve the quality of and equity in education; and (ii) by assisting the citizens of the Americas in realizing their full potential by giving them access to knowledge and skills through training that improves the standard of living for individuals, families and communities in the region.

The [Pan American Health Organization/World Health Organization](#) (PAHO/WHO) is the specialized international health agency for the Americas, working with countries throughout the region to improve and protect people's health. PAHO/WHO engages in technical cooperation with its member countries to fight communicable and non-communicable diseases and their causes, to strengthen health systems, and to respond to emergencies and disasters. PAHO/WHO is committed to ensuring that all people have access to the health care they need, when they need it, with quality and without fear of falling into poverty. Through its Human Resources for Health Unit, Health Systems and Services Department, the Training and Fellowships (T&F) team collaborates with Ministries of Health and partner organizations to support human resource capacity programs that prepare a skilled, capable health workforce able to respond to countries' public health needs and their efforts in working towards universal health.

The [Galilee International Management Institute – Israel](#) (GIMI) develops advanced capacity building courses for professional personnel from all over the world. Since its establishment in Israel in 1987, the GIMI has received a global reputation as a leading management institute.

The GIMI was founded on the belief that all countries can advance its economies by investing in the human element - in the knowledge as well as the innovative, daring thinking of the people working in each sector of society. This belief followed as the GIMI witnessed the rapid economic and infrastructural development of Israel in less than seventy years since its establishment, despite the lack of natural resources. Social emphasis on education and initiative has proven to be a powerful engine of progress.

To date, more than 18,000 senior managers, administrators and planners, from over 170 countries, have graduated from the GIMI's programs. As GIMI is actively concerned with sustainable progress, its senior management keeps in touch with graduates, fostering cooperation and knowledge sharing, years after of participation in the GIMI courses. In turn, GIMI's valued alumni provide feedback that enables GIMI to continue improving and making its programs the most relevant from year to year.
