OAS – Government of Chile Scholarship and Training Project for CARICOM Countries

REPORT

List of Institutions Selected to Participate in the Project from May to July in 2019

The Organization of American States (OAS), through the Government of Chile Scholarship and Training Project for CARICOM Countries, invited institutions in the Caribbean to submit proposals to provide training to citizens of CARICOM member States in 2019. Over twenty (20) proposals were submitted for consideration. After an evaluation of the proposals received, the following institutions have been selected to offer training to citizens of the Caribbean between May and July in 2019:
