**INSTRUCTIONS FOR ELECTRONIC REGISTRATION**  
[WWW.CICAD.OAS.ORG/EVENTS](http://WWW.CICAD.OAS.ORG/EVENTS)

The use of MS Internet Explorer version 5 or higher is recommended.

After accessing [www.cicad.oas.org/events](http://www.cicad.oas.org/events), the preferred interface language may be chosen by clicking on “Cambiar a Español / Switch to English” in the upper right-hand part of the screen.

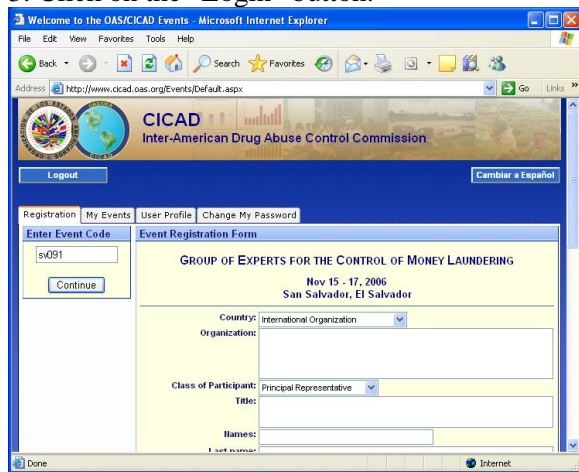

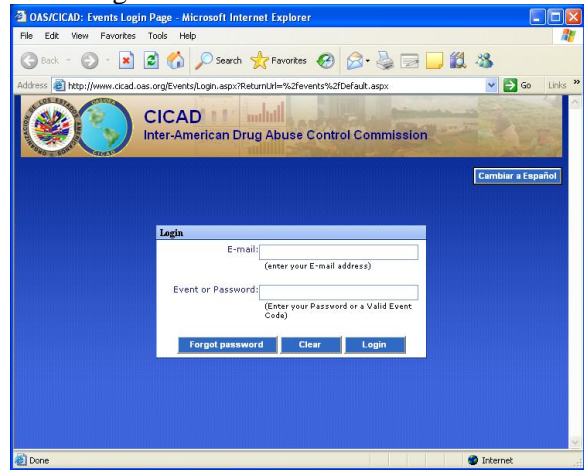

1. In the area marked “E-mail,” enter your e-mail address.

2. In the “Event or Password” box, enter the event code: **AR0015**.

If you have previously registered with this system for other events and chosen a password, you may key in your password to access the registration form or information for this event, or for others where you are registered.

If you cannot remember the password you chose previously, click on the “Forgot password” button; a message, containing your password, will be sent to your e-mail address.

3. Click on the “Login” button.

4. The system will display the registration form.

In the “Country” field, select the country you represent. If you are the representative of an international organization, select “International Organization.”

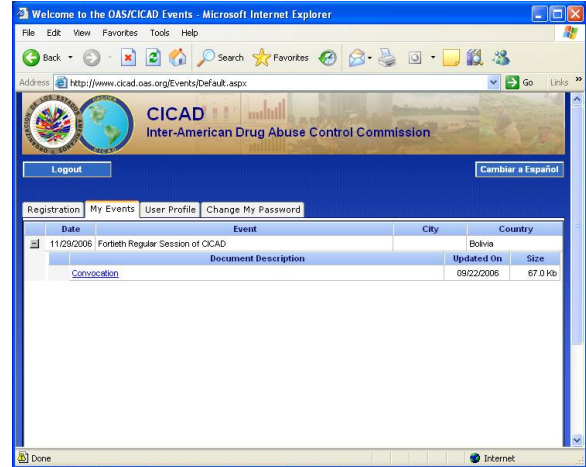

The section containing arrival/departure dates and times and flight numbers may be completed later if you do not have this information to hand at the time you register.

5. Finally, click on the “Submit Registration” button; your details will be sent to CICAD and a confirmation message will be sent to your e-mail address.

The “My Events” tab will display a list of the events for which you are registered.

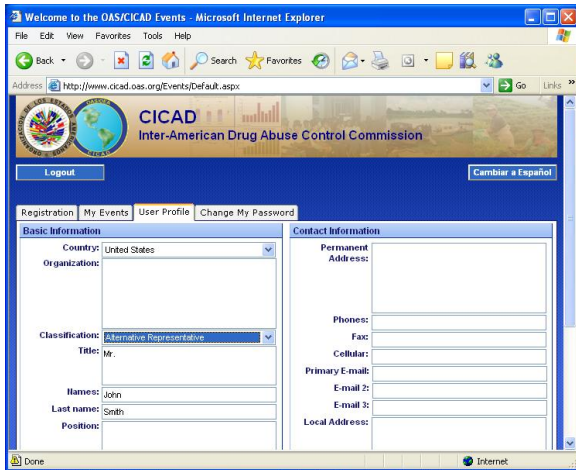

If the  symbol appears to the left of an event, that means that the event has a list of documents, which may be viewed by clicking on that symbol.

To display any specific document, click on the document’s underlined description.

The “User Profile” tab displays basic registration information that will be used for future events for which you register.

This basic information will be displayed only when you enter the system with a password and NOT with an event code.

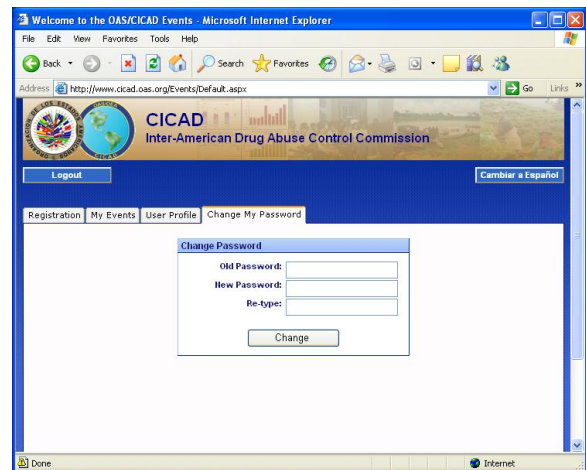

The “Change Password” tab allows you to set a password for personalizing and updating the information on the “User Profile.” This will enable you to access the system at any time, either to review the events for which you are registered or to register for a new event.

If this is the first time you are registering a password, just enter it into the “New Password” box and then again in the “Re-type” box, then click on the “Change” button.

If you have previously set a password and wish to change it, type the password you used to access the system in the “Old Password” box and, in the “New Password” and “Re-type” boxes, enter the new password you wish to use.

Every time you modify your password, the system will send a message to your e-mail address to inform you of the change.

To exit the system, click on the “Logout” button.
