THE GENERAL ASSEMBLY,

HAVING SEEN the Annual Report of the Inter-American Economic and Social Council (CIES) to the General Assembly for 1983 (AG/doc.1666/83),

RESOLVES:

To take note of and approve the Annual Report of the Inter-American Economic and Social Council (CIES) to the thirteenth regular session of the General Assembly (AG/doc.1666/83), and to express its pleasure over the results of the XVIII annual meeting of that Council.
POSSIBLE RESTRICTIONS ON COPPER IMPORTS BY THE UNITED STATES

(Resolution adopted at the seventh plenary session, held on November 18, 1983)

THE GENERAL ASSEMBLY,

HAVING SEEN the Report of the Inter-American Economic and Social Council (CIES) (AG/doc.1666/83), which contains resolution CIES/RES. 275 (XVIII-0/83); and

CONSIDERING:

That bills have been presented to the Congress of the United States calling for the imposition of additional customs duties on imports of copper minerals and manufactures and the inclusion of such products in the list of goods that are ineligible for the Generalized System of Preferences;

That the Senate of the United States approved legislation authorizing that country's contribution to the International Monetary Fund (IMF) that included two amendments aimed at restricting foreign credits for mining projects abroad that increase the production of certain raw materials competitive with or similar to those produced in the United States;

That the foregoing represents a change in the comparative advantages achieved by Latin American copper producers;

That such legislative initiatives endanger the status of the Generalized System of Preferences, since they amount to accepting the revocation of the preferential mechanism for developing countries whenever the GSP yields positive results; and

That under Article 34 of the OAS Charter, member states must do everything in their power to avoid policies, actions or measures that will have adverse effects on the economic and social development of another member state,

RESOLVES:

1. The Latin American and Caribbean countries that are members of the Organization of American States (OAS) urge the United States Government to refrain from approving the amendments introduced in the legislation approved by the Senate, which are intended to restrict foreign credits for mining projects that would increase the production of certain raw materials competitive with or similar to those produced in the United States.
2. The Latin American and Caribbean countries that are members of the OAS urge the United States Government to consider all the possible repercussions of such legislation and not approve it, since it could severely affect the economies of the copper-producing countries of the region and eliminate the margin of preferences extended by the Generalized System of Preferences (GSP).

3. To express its profound concern over the proposed imposition of customs duties on United States imports of copper.

4. To urge the United States Government to inform the Latin American and Caribbean countries with respect to the application of measures that could affect their exports of copper minerals and manufactures, and for that purpose to use the consultation mechanism provided for in resolution REM-1/70.
WHEREAS:

The growth of international commerce is essential to the prosperity and economic well-being of the countries of the Hemisphere;

Established and uniform dispute-settlement mechanisms serve to encourage international commerce, and international commercial arbitration is being used increasingly as a speedy, efficient and impartial means of settling disputes;

The Inter-American Convention on International Commercial Arbitration, which was adopted at the First Inter-American Specialized Conference on Private International Law in Panama City, on June 30, 1975, and entered into force on June 16, 1976, provides for the recognition and enforcement of arbitration agreements and arbitral awards in all Contracting States;

The aforementioned Inter-American Convention provides, in Article 3, that "In the absence of an express agreement between the parties, the arbitration shall be conducted in accordance with the rules of procedure of the Inter-American Commercial Arbitration Commission; and

Eight member states have ratified the Inter-American Convention and other member states have signed the Convention but have not yet ratified it.

THE GENERAL ASSEMBLY,

RESOLVES:

1. To urge OAS member states that have not yet ratified the Inter-American Convention on International Commercial Arbitration to consider the desirability of adhering to it at an early date.

2. To recommend that all member states consider means for disseminating among their nationals engaged in international commerce information on the possibilities offered by the Inter-American Commercial Arbitration Commission (IACAC) for the arbitration of international commercial disputes.

3. To request the Secretary General to include in his Annual Report to the General Assembly information on the progress that has been made toward wider adherence to the Inter-American Convention.
AG/RES. 642 (XIII-0/83)

COERCIVE ECONOMIC MEASURES

(Resolution adopted at the seventh plenary session, held on November 18, 1983)

THE GENERAL ASSEMBLY,

HAVING SEEN resolution CIES/RES. 235 (XVII-0/82) of the Inter-American Economic and Social Council (CIES); and

CONSIDERING:

That the XVIII Annual Meeting of CIES agreed to approve the recommendations prepared by the Working Group on Coercive Economic Measures and to transmit them to the thirteenth regular session of the General Assembly for ratification,

RESOLVES:

To adopt as its own the recommendations of the Working Group on Coercive Economic Measures, contained in document CIES/3815, and reiterated in the Annual Report of the Inter-American Economic and Social Council (AG/doc.1666/83).
AG/RES. 643 (XIII-0/83)

PANAMA CANAL TOLLS

(Resolution adopted at the seventh plenary session, held on November 18, 1983)

THE GENERAL ASSEMBLY,

HAVING SEEN:

The resolutions adopted by the General Assembly, AG/RES. 469 (X-0/80), AG/RES. 528 (XI-0/81) and AG/RES. 604 (XII-0/82); by the Inter-American Economic and Social Council, CIES/RES. 209 (XVI-0/81) and CIES/RES. 243 (XVII-0/82); and by the Special Committee for Consultation and Negotiation, CIES/CECON/RES. 65 (XII-0/82), CIES/CECON/RES. 71 (VIII-E/83) and CIES/CECON/RES. 79 (XIII-0/83);

The report of the VIII Special Meeting of CECON (CIES/3793), and

The report on this subject presented by the General Secretariat (CIES/3808); and

CONSIDERING:

That the countries traditionally affected by Panama Canal toll increases presented an official note dated January 26, 1983, to the Secretary of State of the United States of America recommending utilization of the mechanism of prior consultation in order to avoid the grave consequences that would result from approval of the recommendation on toll increases made by the Panama Canal Commission;

That on February 7, 1983, the United States Government approved a 9.8 percent increase in Panama Canal tolls and, in addition, on March 4 of the same year, approved a transit reservation system;

That the United States Government approved the above-mentioned toll increase without the prior consultation required by resolution REM-1/70, and, in spite of what had been determined in consecutive resolutions of the General Assembly, CIES and CECON, particularly resolution AG/RES. 469 (X-0/80), which was supported by all OAS member countries that had participated in the consideration of that resolution;

That the Panama Canal Commission has held public hearings on this matter;

That the VIII Special Meeting of CECON, held at the request of Bolivia, Chile, Colombia, Ecuador and Peru on February 16 and 17, 1983,
expressed deep concern and preoccupation over implementation of the measures in question and reiterated to the United States Government the request formulated by the twelfth regular session of the General Assembly that it review the new increase in Panama Canal tolls and the additional cost increase which could derive from the transit reservation system;

That the United States Government began to enforce the new toll increase on March 12, 1983, and the transit reservations system on April 4 of the same year, and that the toll increases and the new system of transit reservations, if the latter were used, would have the effect of increasing the costs of foreign trade of the Latin American and Caribbean countries that use the Panama Canal; and

That the Panama Canal Commission is presently studying the implementation of a universal ship measurement system which users fear could lead to toll increases,

RESOLVES:

1. To reiterate its concern over the application of the new 9.8 percent increase in Panama Canal tolls.

2. To urge the United States Government to review the new Panama Canal toll increase and the additional cost increase which could derive from the transit reservation system, in consideration of resolution AG/RES. 604 (XII-0/82), without prejudice to the improvement of preferential treatment for the transit of perishable goods.

3. To reiterate to the United States Government the request made by the VIII Special Meeting of the Special Committee for Consultation and Negotiation (CECON) that Latin American and Caribbean user countries be provided with more detailed information on the items considered in determining the cost of Canal operations.

4. To express to the United States Government its concern that the application of the universal system of ship measurement, still under study by the Panama Canal Commission, should not impose additional costs on the foreign trade of the Latin American and Caribbean countries that are users of the Canal.

5. To urge the United States Government to maintain open communications with the Latin American and Caribbean countries, through the mechanism of CECON, before adopting any Panama Canal toll increase that could harm the foreign trade of those countries.

6. To instruct the General Secretariat to continue studying all aspects of this resolution and to report continually to member countries, without prejudice to such follow-up as the Permanent Executive Committee of the Inter-American Economic and Social Council (CEPCIES) might give to this topic.
AG/RES. 644 (XIII-O/83)

THE UNITED STATES GENERALIZED SYSTEM OF PREFERENCES

(Resolution adopted at the seventh plenary session, held on November 18, 1983)

THE GENERAL ASSEMBLY,

HAVING SEEN:

Resolution CIES/RES. 271 (XVIII-0/83) adopted by the Inter-American Economic and Social Council; and

Document CIES/3790 containing the "Observations and Proposals of the countries of Latin America and the Caribbean on the Renewal of the United States Generalized System of Preferences (GSP)"; and

CONSIDERING:

That the United States Congress is studying a bill on the renewal of the GSP;

That that bill does not adequately take into consideration the concrete proposals of the developing countries of Latin America and the Caribbean on the subject, contained in aforementioned document CIES/3790; and

That the United States GSP is particularly important to exports—particularly of manufactured products—from the countries of Latin America and the Caribbean to the United States market,

RESOLVES:

1. To reaffirm the proposals set forth in the document, "Observations and Proposals by the countries of Latin America and the Caribbean on the new Generalized System of Preferences of the United States" (CIES/3790).

2. To urge the United States Government to give favorable consideration to the proposals contained in the first paragraph of that document.

3. To call on the United States Government to hold intensive consultations, beginning in the first quarter of 1984, with the other member states, within the framework of the Permanent Executive Committee of the Inter-American Economic and Social Council (CEPCIES), on the process for renewing its Generalized System of Preferences.
4. To reaffirm the non-reciprocal and non-discriminatory nature that the Generalized Systems of Preferences (GSP) of the developed countries should have, in accordance with the recommendations of Resolution 21 (II) of UNCTAD, among others.

5. To instruct CIES to follow up, through CEPCIES and with the cooperation of the General Secretariat, the process of renewal of the United States GSP and the results of that process, without prejudice to operative paragraph 4 of resolution CIES/RES. 271 (XVIII-0/83), and to report on the matter to the fourteenth regular session of the General Assembly.
AG/RES. 645 (XIII-0/83)

SPECIAL SESSION OF THE GENERAL ASSEMBLY ON INTER-AMERICAN COOPERATION FOR DEVELOPMENT

(Resolution adopted at the seventh plenary session, held on November 18, 1983)

BEARING IN MIND:

That the sixth regular session of the General Assembly convened a Special Session of the General Assembly on Inter-American Cooperation for Development [AG/RES. 232 (VI-0/76)]; and

That the General Assembly approved resolutions AG/RES. 233 (VI-0/76), AG/RES. 255 (VI-0/76), AG/RES. 281 (VII-0/77), AG/RES. 354 (VIII-0/78), AG/RES. 437 (IX-0/79), AG/RES. 464 (X-0/80), AG/RES. 472 (X-0/80), AG/RES. 521 (XI-0/81), and AG/RES. 601 (XII-0/82); and

Resolutions CIES/RES. 236 (XVII-0/82), and CIES/RES. 263 (XVIII-0/83); and

CONSIDERING:

That it is necessary to find lasting solutions to the grave economic and social crisis affecting the Latin American and Caribbean countries;

That that crisis calls for conceptual and operational responses, given the complexity and extent of the problems causing it;

That preparations are being made to hold the Latin American Economic Conference in Quito from January 9-14, 1984, for the purpose of adopting a Plan of Action for dealing with the international economic crisis;

That the scope and effects of the aforementioned crisis demand additional initiatives involving collective action for ensuring Latin American and Caribbean products greater access to the markets of the industrialized countries, in particular to that of the United States, fewer trade restrictions, and a larger volume of financial resources on better terms, if the economic and social progress objectives of the member countries are to be achieved; and

That the political will was expressed at the Special Specialized Conference on External Financing, and ratified in the agreements adopted at the XVIII Annual Meeting of the Inter-American Economic and Social Council, to maintain a constructive hemispheric dialogue for finding solutions to the problems affecting the economic and social development of Latin American and Caribbean countries,
RESOLVES:

1. To reaffirm the political will to hold the special session of the General Assembly on Inter-American Cooperation for Development in 1984.

2. To ratify resolutions AG/RES.601 (XII-0/82), CIES/RES.263 (XVIII-0/83) and CIECC-617/83, as well as the instructions to the Permanent Council to set the date for the special session of the General Assembly and to approve its agenda on the basis of the studies prepared by CIES and CIECC, and to update the pertinent schedules for 1984.

3. To recommend that the preparatory studies take especially into account the Plan of Action and the resolutions emanating from the Latin American Economic Conference.
DECLARATION ON THE STRENGTHENING OF
INTER-AMERICAN RELATIONS IN THE FIELDS
OF FINANCING AND TRADE

(Declaration adopted at the seventh plenary session,
held on November 18, 1983)

The political will of the member countries of the Organization of
American States was expressed in the agreements adopted by the Special
Specialized Conference on External Financing, held in Caracas, and
ratified by the XVIII Annual Meeting of the Inter-American and Economic
Social Council (CIES), in Asunción. These agreements have strengthened
the hemispheric dialogue and have brought about the beginning of the
process of implementing the activities needed to overcome the economic and
financial crisis of Latin America and the Caribbean.

The result of these efforts is reflected in the adoption of the
"Bases for Understanding" and in the establishment of the Special
Committee on Financing and Trade.

The Special Committee on Financing and Trade has been instructed to
seek permanent solutions to the problem of the external debt of Latin
America and the Caribbean, and ways to improve access for exports from the
region to the markets of the industrialized countries; to ensure the
growth of international liquidity consistent with the gradual process of
adjustment; and to improve operational procedures and review the
principles of conditionality in the allocation of resources by the
international financial organizations, while avoiding restrictions on free
and equitable access to capital markets.

The General Assembly at its thirteenth regular session:

1. Reaffirms the political will to continue the Hemispheric dialogue
begun during the Special Specialized Conference on External Financing and
ratified at the XVIII Annual Meeting of the Inter-American Economic and
Social Council, in order to arrive at agreements on economic trade and
financial matters for the attainment of solutions to the economic and
social crisis of Latin American and the Caribbean.

2. Stresses the importance of the Special Committee's being
successful in its deliberations, which will strengthen inter-American
coopeative relations in the economic and social sphere within the
framework of the OAS.

This procedure will continue until said funds are exhausted.

Also the Subcommittee recommended that once these funds are exhausted a specific decision by the General Assembly should be taken on future payment of the life insurance premiums.

III. GENERAL PROVISIONS

A. BUDGETARY

1. Transfers between Chapters, Regular Fund

To authorize the Secretary General to transfer funds between the chapters of the program-budget, up to a maximum of 5 percent of the total allocated to the chapter from which the funds are taken or of the chapter that receives them, provided this does not mean elimination or substantial alteration of any approved program.

The Secretary General shall inform the Permanent Council of transfers made in accordance with this provision, and shall give appropriate justification.

2. Execution of the budget of the organs, agencies, and entities of the Organization

To instruct the organs, agencies, and entities of the Organization to schedule their meetings for the biennium 1984-85 in strict observance of the corresponding budgetary levels, reducing in each instance if necessary the number and length of such meetings, even when there are regulatory provisions to the contrary.

3. Personnel Costs

To ratify as a general objective of budgetary policy that personnel costs Object 1, must not exceed 50% of the total budget of the Regular Fund, recommending to the Secretary General to present a report on this topic to the next session of the General Assembly. Important in this regard is the observation made by the Advisory Committee on Administrative and Budgetary Matters with respect to objects of expenditure 1, 2, and 8, document AG/CP/SUB.PP-236/83. To instruct the General Secretariat to prepare a study on this matter and submit it to the Permanent Council during the first quarter of 1984.

4. Additional Appropriations for Direct Services in the 1984-85 Biennium

Additional appropriations for Direct Services, biennium 1984-85, resulting from the adjustments made to the proposed Program-Budget amount to a global sum of US$3,476,400 in the biennium. This figure shall be distributed as follows:

a. 40% (US$1,390,600) in the biennium for PRA fellowships and other fellowships. The use of these resources will be determined by the Permanent Council, CEPCIES, and CEPCIECC based on a general report on fellowships that the General Secretariat will present to those bodies during the first quarter of 1984.
b. 30% ($1,042,900) in the biennium for the Economic and Social Area, funds to be programmed by CEPCIES, and
c. 30% ($1,042,900) in the biennium for the Education, Science, and Culture Area, funds to be programmed by CEPCIECC.

5. Fellowship

To instruct the General Secretariat that the amounts approved for fellowships are not to be transferred or obligated against any other object of expenditure unless expressly requested by the member states.

6. Use of Appropriations from the Biennium 1980-81

- To authorize the Permanent Council, in accordance with Article 72 of the General Standards, to approve special appropriations, during 1984, for the following events:
  a) Special Session of the General Assembly on Cooperation for Development, up to $380,000;
  b) Pan-American Children Congress, up to $26,000.
- To extend to December 31, 1984, the expiration date for unused specific balances of appropriations from the biennium 1980-81 for the Special Meeting of CIES. These funds will be used in accordance with the provisions of Resolution CIES/RES. 286 (XVIII-0/83).

Funds for carrying out these activities were originally approved by the ninth regular session of the General Assembly for the biennium 1980-81, and since those events have not yet been held, the authorization of fund will expire on December 31, 1983, in accordance with Article 73 of the General Standards. Consequently, those funds shall go into the Working Capital Subfund of the Regular Fund, and then shall be taken back from that Subfund, in 1984, when the Permanent Council makes use of the authorization this session of the General Assembly is giving it.

B. FINANCIAL

1. Payment of quotas and contributions

To remind the governments of the member states of the need to make all possible efforts to pay their quotas and contributions before April 30 of each year in order to ensure that the financial operations of the General Secretariat will function normally in executing the Program-Budget.

AG/RES. 666 (XIII-O/83)

ANNUAL REPORT OF THE INTER-AMERICAN COMMISSION ON HUMAN RIGHTS

(Resolution adopted at the seventh plenary session held on November 18, 1983)

THE GENERAL ASSEMBLY,

HAVING SEEN the Annual Report of the Inter-American Commission on Human Rights (AG/doc.1638/83), the special reports of the Commission (AG/doc.1649/83 and AG/doc.1650/83), and the replies from the governments (AG/doc.1672/83); and

CONSIDERING:

That the protection and exercise of human rights is one of the lofty objectives of the Organization of American States, and that observance of them is a source of solidarity among the member states and a guarantee of respect for human life and the dignity of man;

That the principal role of the Inter-American Commission on Human Rights is to promote respect for and the defense of human rights in all member states;

That a democratic structure is essential to the establishment of a political society in which human values can be fully realized;

That the evolution toward a return to democracy already begun or completed in some countries must be emphasized as positive;

That the adoption by certain countries of measures that contribute significantly to respect for the rights upheld in the American Declaration of the Rights and Duties of Man and in the American Convention on Human Rights (Pact of San José) are also positive; however, there persist situations that are adversely affecting the observance of the rights of the individual, the dignity of man, personal safety and security, and democratic values, including social justice;

That the forced disappearance of persons without trial is a cruel and inhuman practice that undermines the rule of law, which weakens those norms that guarantee protection against arbitrary detention and the right to personal safety and security;
That in its annual report for 1982/83, the Commission indicates that human rights are still being violated in some countries of the hemisphere by detentions without trial, investigatory police actions devoid of the minimum guarantees that the proper administration of justice demands, obstacles placed in the way of freedom of religion and worship, and the serious restrictions imposed on freedom of opinion and expression;

That it is necessary to reiterate the importance of progress in the observance of economic, social, and cultural rights in the context of human rights for the integral development of the human person; and

That Chapter III of the Annual Report of the Inter-American Commission on Human Rights makes reference to the urgent need to find an appropriate solution to the problems stemming from the massive displacements of persons in the hemisphere, taking into consideration the new developments in recent years with regard to refugees and displaced persons,

RESOLVES:

1. To take note with interest of the Annual Report, the special reports, and the recommendations of the Inter-American Commission on Human Rights, and to thank the Commission and congratulate it on the serious and important work it is doing in the field of the protection and promotion of human rights.

2. To urge the governments of the states mentioned in the annual report and in the special reports to implement the Commission's recommendations in accordance with the provisions of their Constitutions and their domestic law, in order to ensure faithful observance of the human rights set forth in the American Declaration on the Rights and Duties of Man and the American Convention on Human Rights.

3. To take note of the comments and observations of the governments of the member states and of the reports on the measures that they have taken and will continue putting into practice to guarantee human rights in their countries.

4. To declare that the practice of forced disappearance of persons in the Americas is an affront to the conscience of the hemisphere and constitutes a crime against humanity.

5. To urge those states in which disappearances of persons have occurred to clarify their situation and inform their families of their fate.
6. To reiterate the need to prevent and, if called for, put an immediate end to violations of human rights, especially the rights to life, personal security and liberty; and the right to a fair trial and due process; and to reaffirm that extrajudicial executions, torture, and detention without due process constitute violations of human rights.

7. To recommend to those member states that still have not done so that they reestablish and improve the systems of representative democracy, which derives from free elections through secret, universal suffrage, and without prejudice to the foregoing, the characteristics and circumstances of each country shall be taken into account and their legislations respected, and in every case, all citizens shall be given access to the mass communications media and shall enjoy the other guarantees essential for the election results to represent the will of the people.

8. To remind the member states of the need to guarantee the full exercise of freedom of conscience, religion, and worship, as well as the right of freedom of investigation, opinion, expression and dissemination of thought, bearing in mind the American Declaration of the Rights and Duties of Man and the American Convention on Human Rights.

9. To reaffirm that an aspect of the effective protection of human rights must be recognition of rights of a social, economic and cultural character, emphasizing the responsibility of the governments of the member states in the process of promoting cooperation for hemispheric development.

10. To repeat its request to the Permanent Council that it submit a report to the General Assembly at its fourteenth regular session on the status of the work relating to the serious problem of refugees and mass displacement of persons in the hemisphere, while bearing in mind the recommendations made by the Commission in Chapter III of its Annual Report.

11. To note with satisfaction the decision of the governments of member states that have invited the Commission to visit their respective countries, and to urge the governments of states that have not yet accepted or agreed on a date for such a visit to do so as soon as possible.

12. To request the Commission to continue monitoring the situation of human rights in such member states as it deems appropriate, and to report thereon to the General Assembly at its fourteenth regular session.

13. To invite the governments of those member states that have not yet done so to consider the advisability of accession to or ratification of the American Convention on Human Rights.

14. To urge all governments to provide the Commission with the cooperation necessary for it to carry out its work properly, particularly through timely response to the Commission's requests for information on individual cases.
3. To convoke a special session of the General Assembly, which will take place at the headquarters of the General Secretariat in the first two weeks of March 1984, to elect the Secretary General of the Organization.

4. To authorize the Permanent Council to set the date for holding that special session within the first two weeks of March 1984.

AG/RES. 669 (XIII-0/83)

THE QUESTION OF THE MALVINAS ISLANDS

(Resolution adopted at the seventh plenary session, held on November 18, 1983)

THE GENERAL ASSEMBLY,

HAVING SEEN the serious events of 1982 in the South Atlantic within the security region defined in Article 4 of the Inter-American Treaty of Reciprocal Assistance, which pointed up the existence of a situation that affected and still seriously affects the peace and security of the American hemisphere; and

CONSIDERING:

That the Permanent Council of the Organization of American States and the Twentieth Meeting of Consultation of Ministers of Foreign Affairs considered these events thoroughly, stated their position on the matter, and urged the parties to the dispute in the South Atlantic to seek a peaceful solution;

That on November 4, 1982, the Thirty-seventh Session of the United Nations General Assembly adopted, at the request of 20 American States, resolution 37/9 concerning that sovereignty dispute, wherein it urged a peaceful settlement through the good offices of the Secretary-General of the United Nations;

That, at its Twelfth Regular Session, the General Assembly of the Organization of American States adopted resolution AG/RES.595, which calls upon the parties to fulfill United Nations General Assembly resolution 37/9;

That recently, during its Thirty-eighth Session, the United Nations General Assembly reiterated that appeal in resolution 38/12 of November 16, 1983.

That, despite the foregoing, the report the Secretary-General of the United Nations presented to the General Assembly of that organization pursuant to the above-mentioned Resolution 37/9, reflects lack of progress toward fulfillment of those resolutions.

RESOLVES:

1. To reaffirm its support for United Nations General Assembly resolutions 37/9 and 38/12, which call upon the governments of Argentina and of the United Kingdom to resume negotiations aimed at finding a peaceful solution to the sovereignty dispute as soon as possible, and request the Secretary-General to continue his good offices to assist the parties in fulfilling the aforementioned resolutions.
2. To express its concern over the lack of progress toward fulfillment of the resolutions in question and to urge their fulfillment.

3. To bring this resolution to the attention of the President of the General Assembly and the Secretary-General of the United Nations so they may take note of the opinion of the American states on a situation that affects the peace and security of the hemisphere.

4. To continue to examine this question at subsequent sessions of the General Assembly until it is definitively settled.

ADVISABILITY OF ESTABLISHING A MECHANISM FOR INSPECTION OF WEAPONS AND MILITARY PERSONNEL

(Resolution adopted at the seventh plenary session, held on November 18, 1983)

THE GENERAL ASSEMBLY,

HAVING SEEN the note that the Permanent Mission of Colombia to the Organization of American States addressed to the General Secretariat on the advisability of establishing a mechanism for inspection of weapons and military personnel in the Americas; and

CONSIDERING:

The inter-American system's essentially peaceful mission as expressed in conventions and resolutions promoting peace and security in the hemisphere;

The need to design mechanisms to control the increase in weapons and military personnel in the region as one of the factors for ensuring a lasting peace;

The need to allocate funds for economic and social development plans favoring the most needy sectors of the member countries;

The need to update and strengthen the inter-American system and adapt it to the present political, economic, and social conditions in the region, with the arms race in the region as one of the areas in which the OAS should play an especially useful role; and

That in the bicentennial year of the birth of the Liberator Simón Bolívar, vigorous continuation of efforts to limit and control the acquisition of weapons in the countries of the Americas would be a tribute to his memory; and

TAKING INTO CONSIDERATION:

That efforts made thus far to reduce and control weapons and military personnel for the essential purpose of ensuring and preserving peace and security in the hemisphere should be continued and supported, giving priority to implementing economic and social development plans,

RESOLVES:

1. To request the Permanent Council to prepare a study on the advisability of establishing a mechanism for inspection of weapons and military personnel in the Americas, with a view to developing a draft convention on this subject.
2. To request the Permanent Council to consult with the governments and the Inter-American Juridical Committee and obtain their views on this subject.

3. To instruct the Permanent Council to submit the study mentioned in paragraph 1 of this resolution to the fourteenth regular session of the General Assembly for consideration.

That the Permanent Council, because it considered that they went beyond the mandate of resolutions AG/RES. 598 (XII-0/82) and AG/RES. 629 (XII-0/82), left the necessary amendments to articles 35 and 43 of Chapter III of the General Standards pending,

RESOLVES:

1. To extend until the fourteenth regular session of the General Assembly the mandate given in operative paragraph 2 of resolution AG/RES.598 (XII-0/82), which authorizes the Permanent Council to revise Chapters IV and V of the General Standards to Govern the Operations of the General Secretariat and to put into effect such amendments as it may deem appropriate, subject to approval by the General Assembly.

   Article 111. The Board shall submit its report to the General Assembly at least sixty days before the holding of each regular session of the General Assembly. The General Secretariat shall present a report to the Permanent Council, no later than March 31 of each year, on the measures taken to comply with the recommendations of the Board.
4. To emphasize the important work both the Advisory Committee on Administrative and Budgetary Matters and the Board of External Auditors have been performing, and to point out the desirability that their present structures and functions be maintained.

5. To urge the General Secretariat to present to the Permanent Council, before April 30, 1984, its points of view on any amendments to Chapters IV and V of the General Standards to Govern the Operations of the General Secretariat that it may deem necessary, to enable the Council to fulfill the mandate conferred upon it by resolution AG/RES. 479 (X-0/80).

6. To instruct the Advisory Committee on Administrative and Budgetary Matters and the Board of External Auditors to continue to cooperate with the Permanent Council, in their respective spheres of competence, to enable that body adequately to carry out the mandates given to it by resolution AG/RES. 479 (X-0/80) of the General Assembly.

That major studies on the matter are under way both at the world level in the United Nations and in other international forums,

RESOLVES:

To extend until the fourteenth regular session the mandate given to the Permanent Council regarding presentation of the Organization's own system for financing its program-budget that, giving effect to the provisions of Article 53 of the Charter and the resolutions adopted by the General Assembly at previous sessions on the search for a quota system, would achieve a better distribution of the member states' contributions.

2. To instruct the Permanent Council to maintain the provisions agreed upon in resolutions AG/RES. 321 (V-E/77), AG/RES. 557 (XI-O/81), and AG/RES. 600 (XII-O/82), regarding the percentage scales and budget amounts, until such time as the Organization adopts its own system of quotas.

Half of the difference between the quotient and the annual pension that would correspond to age 60 shall be subtracted from the latter and the remainder shall represent the amount of the corresponding annual pension. For this purpose, the tables periodically published by the National Center for Health Statistics of the headquarters country shall serve as a basis.

vi. Paragraph (f) will become paragraph (e), with its present wording, except for the final phrase, which reads "as stipulated in paragraph (e) above," which is deleted.

AG/RES. 680 (XIII-0/83)

PROCEDURES FOR PEACEFUL SETTLEMENT OF DISPUTES

(Resolution adopted at the seventh plenary session, held on November 18, 1983)

THE GENERAL ASSEMBLY,

Noting that numerous procedures for promotion of peaceful settlement of international disputes, among others direct negotiations, good offices, mediation, investigation and conciliation, judicial settlement, arbitration, and those to which the parties to the dispute may specially agree upon at any time, are available under inter-American treaties and conventions in force, such as the Pact of Bogotá of 1948;

Recognizing that there are disputes continuing within the region that are susceptible of definitive resolution by such means;

Conscious that these procedures should be more effectively used to settle disputes in the region, in conformity with the Charter of the Organization; and

Desirous of taking effective measures to promote the use of those procedures,

RESOLVES:

1. To remind the member states that they have available, for the peaceful settlement of disputes, the various procedures provided in the Charter of the Organization, and to urge those states to use these procedures as a means of settling the disputes existing in the region.

2. To instruct the General Secretariat, with the advice of the Inter-American Juridical Committee, to prepare a study regarding these procedures and further steps that might be taken for their promotion, modernization, or expansion; to submit it, through the Permanent Council, to the member states for their observations; and to present a report thereon to the General Assembly at its fourteenth regular session.
WHEREAS:

It is necessary to review the role assigned to the members of the family in society, with equal rights and duties, to achieve a new transmission of values, consonant with the functions that the family, as the basic unit of society, must assume;

It is urgent to prepare the American society for family life through the comprehensive education of human beings, training them adequately to fulfill their roles as members of a couple, and as parents and children; and

It is advisable to endeavor to strengthen the institutions in charge of preparing the human resources required for integral attention to the family; and

HAVING SEEN the Report of the group of experts that met in the Seminar on "The Family in the Present Process of Change," held under the auspices of the Inter-American Commission of Women,

THE GENERAL ASSEMBLY,

RESOLVES:

To urge the governments of the member states to:

a. Formulate overall national policies on the family that will incorporate elements linked to the realities of the family situation and unify the efforts made at the level of each nation.

b. To broaden the research and planning on education issues, with emphasis on aspects of the family and, within it, the role of women, by strengthening the financial and technical resources assigned for programs directed at the family.

c. To coordinate more efficiently the utilization of human and financial resources for specific activities in each country related to health and nutrition.

d. To adjust the laws on the family in accordance with the reality of each country so that they will respond to the needs and expectations of the country.

GREATER EMPHASIS ON THE PARTICIPATION OF WOMEN IN THE PROBLEMS OF INTEGRATION AND DEVELOPMENT

(Resolution adopted at the seventh plenary session, held on November 18, 1983)

THE GENERAL ASSEMBLY,

CONSIDERING:

That during successive regular sessions the General Assembly has reiterated the mandate contained in resolution AG/RES. 220 (VI–0/76) in order to achieve an adequate coordination among the organs, agencies, and entities of the inter-American system with the activities of the Inter-American Commission of Women regarding improvement of the condition of women and evaluation of programs carried out by them, and

HAVING SEEN:

Resolution CIES/RES. 283 (XVIII–0/83) "Greater Emphasis on the Participation of Women in the Integration and Development of the OAS Member Countries,"

RESOLVES:

1. To reiterate to the governments of the member states the urgent need for a greater integration of women in economic and social development programs.

2. To recommend that the Preparatory Committee of the Special Session of the General Assembly on Inter-American Cooperation for Development take into account the participation of women in every area of integration and development and give it the proper relevance.

3. To indicate to that Special Session of the General Assembly and to the other organs and agencies of the OAS that it is imperative that the principle of equal participation of women as promoter, agent, and beneficiary of development be included in the programs carried out in the region.
AG/RES. 683 (XIII-0/83)

INTEGRATION OF WOMEN THROUGH EDUCATION

(Resolution adopted at the seventh plenary session,
hold on November 18, 1983)

THE GENERAL ASSEMBLY,

CONSIDERING:

That the educational system plays a basic role in the development and changing of attitudes;

That 1983 is the eighth year of the Decade for Women, declared by the United Nations and the General Assembly of the Organization of American States (1976), the goals of which are Equality, Development and Peace; and

That despite the progress made in the integration of women into the development process, further action must be taken to eliminate the persistent stereotyping attitudes with respect to the roles of women in society; and

HAVING SEEN Resolution CIECC-632/83 "Integration of Women through Education,"

RESOLVES:

1. To recommend that the governments of the member states and the General Secretariat of the OAS redouble their efforts to develop study plans and programs designed to eliminate existing sex-role stereotyping for men and women in society so as to change discriminatory attitudes that still persist, as this is indispensable for the full integration of women into all fields of activity.

2. To instruct the areas of the General Secretariat of the OAS to cooperate in the implementation of its projects with the Inter-American Commission of Women (CIM) and other relevant regional organizations in promoting the objectives of equality, development and peace.

3. To urge the governments of the member states to give special attention to the objectives of this resolution in formulating and implementing their programs and activities.
THE GENERAL ASSEMBLY,

CONSIDERING,

That despite repeated appeals by this Assembly, through resolutions AG/RES. 556 (XI-0/81) and AG/RES. 590 (XII-0/82), to the governments of the member states to pay in their contributions to the Multilateral Fund for the Support of the Five-Year Plan for Inter-American Indian Action, they have made no further contributions to that Fund; and

That this is largely because of the current critical economic and financial situation of the Institute's member countries, which makes it difficult to obtain foreign exchange,

RESOLVES:

1. To recommend again to the governments of the member states that they make contributions to the Multilateral Fund for the Support of the Five-Year Plan for Inter-American Indian Action in order that the Inter-American Indian Institute may be endowed with enough funds to accomplish the purposes set forth in that Five-Year Plan.

2. To suggest to the governments of the member states that they consider the possibility of making their voluntary contributions to the Multilateral Fund for Support to the Five-Year Plan for Inter-American Indian Action in local currencies, and that they agree with the Institute so that to those local funds may be added those to be contributed by that Institute for projects and programs to be determined.

REPORT ON THE MARITIME PROBLEM OF BOLIVIA

(Resolution adopted at the seventh plenary session, held on November 18, 1983)

THE GENERAL ASSEMBLY,

HAVING SEEN:

Resolutions AG/RES. 426 (IX-0/79) of October 31, 1979, AG/RES. 481 (X-0/80) of November 27, 1980, AG/RES. 560 (XI-0/81) of December 10, 1981, and AG/RES. 602 (XII-0/82), of November 20, 1982, in which, respectively, it is declared and reiterated that it is of continuing hemispheric interest that an equitable solution be found whereby Bolivia may obtain sovereign and useable access to the Pacific Ocean; and

CONSIDERING:

That in a spirit of fraternity and with a view toward American integration, it continues to be necessary to achieve the objective set forth in the preceding declaration and consolidate a climate of peace and harmony to stimulate economic and social progress in the area of the Americas directly affected by Bolivia's lack of its own access to the sea,

RESOLVES:

1. To take note of the report of the Government of Bolivia concerning the maritime problem of that country, of the observations made by the governments of Chile and Bolivia on the decisions adopted on the matter by this Organization, and of the constructive spirit that inspires the two countries.

2. To urge Bolivia and Chile, for the sake of American brotherhood, to begin a process of rapprochement and strengthening of friendship of the Bolivian and Chilean peoples, directed toward normalizing their relations and overcoming the difficulties that separate them—including, especially, a formula for giving Bolivia a sovereign outlet to the Pacific Ocean, on bases that take into account mutual conveniences and the rights and interests of all parties involved.

3. That either of the parties may request the inclusion of the topic "Report on the maritime problem of Bolivia" at the next regular session of the General Assembly.
