The Leo S. Rowe Pan American Fund is an educational loan program within the Organization of American States (OAS). This revolving Fund was established in 1948 to fulfill the wishes of Dr. Leo S. Rowe, former Director of the Pan American Union (precursor of the Organization of American States), who provided in his last will the initial endowment for this Fund.

Its purpose is to grant interest-free student loans to competent persons from Latin American and Caribbean countries, members of the Organization of American States, to assist them to finance their studies or training in an accredited higher education institution in the United States.

This is with the understanding that they will return to their countries upon completion of those studies, to give their countries the benefit of their education.
