INDEPENDENT PUBLIC ACCOUNTANTS' REPORT

The Board of External Auditors
Inter-American Agency for Cooperation and Development

We have audited the accompanying combined statement of assets, liabilities and fund balances of the funds of the Inter-American Agency for Cooperation and Development (the Agency), an entity of the Organization of American States, as of December 31, 2005 and the related combined statement of changes in fund balances for the year then ended. These financial statements are the responsibility of the Agency's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the external auditing requirements prescribed in Chapter IX of the General Standards of the Organization of American States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 2, these financial statements were prepared on the basis of accounting principles prescribed or permitted by the Budgetary and Financial Rules (which include the applicable financially-oriented General Standards adopted by the General Assembly of the Organization of American States), which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets, liabilities and fund balances for the Agency as of December 31, 2005, and the changes in fund balances for the year then ended on the basis of accounting described in Note 2.

SB & COMPANY, LLC

EXPERIENCE • QUALITY • CLIENT SERVICE

Our audit has been made for the purpose of expressing an opinion on the basic financial statements referred to in the first paragraph of this report taken as a whole. The accompanying information in Supplementary Schedules 1 and 2 is presented for the purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements mentioned above taken as a whole.

NOTES TO FINANCIAL STATEMENTS

1. ORGANIZATION AND FINANCIAL STATEMENTS

The Inter-American Agency for Cooperation and Development (IACD) was created by General Assembly Resolution AG/RES. 3 (XXVI-E/99) in November 1999 to promote, coordinate, manage and facilitate the planning and execution of programs, projects and technical assistance activities within the scope of the Organization of American States (OAS) Charter and within the framework of the Strategic Plan for Partnership for Development of the Inter-American Council for Integral Development (CIDI). Effective January 25, 2005, Executive Order No. 05-03, reorganized the General Secretariat of the Organization of American States (GS/OAS) and restructured the Executive Secretariat for Integral Development (SEDI).

The purpose of SEDI is to support, facilitate and foster integral development in OAS Member states. To achieve this, SEDI promotes dialogue and partnerships and mobilizes resources in order to formulate, promote and implement policies, technical cooperation projects and capacity-building activities, economic and sustainable development throughout the hemisphere. SEDI accomplishes this work in the fields of education, culture, science and technology, labor, environment, trade tourism, small enterprise development, ports, and telecommunications.

For 2005, the structure of SEDI consists of the Executive Office of the Executive Secretary for Integral Development and the following dependencies:

- The Office of Education, Science and Technology
- The Office of Sustainable, Development and Environment
- The Office of Scholarships, Training, and Information Technology for Human Development
- The Office of Trade, Growth and Competitiveness
- The Office of Development Policies and Programs
- The Office of the Executive Secretariat of the Inter-American Telecommunication Commission

To ensure observance of limitations and restrictions placed on the use of resources available to SEDI, the accounts of SEDI are maintained in accordance with fund accounting principles. Separate accounts are maintained for each fund. Prior to the establishment of SEDI, the financial resources of the Office of Education, Science and Technology, Office of Sustainable Development and Environment and the Office of Trade, Growth, and Competitiveness were maintained by fund accounts administered by the GS/OAS. In the accompanying financial statements, the funds administered by the SEDI are grouped in the following categories, according to their source of financing and purpose:

Operations Fund: financed by transfers from the OAS Regular Fund and by contributions of overhead, fees and interest. The purpose of this fund is to provide SEDI with general support as well as technical supervision and administrative services to SEDI programs.

The Special Multilateral Fund of the Inter-American Council for Integral Development (FEMCIDI): financed mainly by voluntary contributions of the Member states to support the programs adopted by the Council and approved by the General Assembly. FEMCIDI finances the multilateral and national cooperation programs, projects and activities of CIDI. FEMCIDI consists of the Integral Development account and the following Sectoral accounts:

- Economic Diversification and Integration, Trade Liberalization and Market Access
- Social Development and Creation of Productive Employment
- Education
- Culture
- Scientific Development, and Exchange and Transfer of Technology
- Strengthening of Democratic Institutions
- Sustainable Development and Environment
- Sustainable Development of Tourism

Specific Funds: financed by grants or requests to finance activities specified by the donor or grantor, and any other contributions by public or private entities, for carrying out or strengthening specific activities or programs of the SEDI. These funds may also include designated funds, which have been segregated for specific purposes, and whose use is restricted through designation by the General Assembly or SEDI. The assets and liabilities as of December 31, 2005, and the related income and expenses for the year then ended for the following organizations are also included in this fund:

- Capital Fund for OAS Fellowships, Scholarship, and Training Programs
- Implementation of Summit of the Americas Mandates

Trust for the Americas (Trust): The Trust was created in 1997 as a non-profit entity incorporated in the District of Columbia. It serves the OAS and SEDI as an entry point to expand hemispheric cooperation and enhance economic development by providing a channel for information, services, goods and funds. On June 20, 2005, SEDI signed a Memorandum of Understanding (MOU) with the Trust in which a fee of 2 percent would be charged by the Office of Budget and Financial Services against all funds received by SEDI channeled through the Trust.

In 2005, the Trust received in-kind contributions, which represent the transfer of non-cash assets including services and donated items, from various organizations in support of administrative and program objectives. These in-kind contributions have been recorded at SEDI's estimated value for the services and items received.

The Statement of Assets, Liabilities, and Fund Balances and Statement of Changes in Fund Balances for the Operations Fund, FEMCIDI, Specific Funds and the Trust are presented in Exhibits 1 and 2, respectively, on a combined basis.

The Operating Subfund Unappropriated account shown in Exhibit 1 is the account to which all income of the funds is

applied including subsidies received from OAS and voluntary pledge contributions. It is also the account to which all obligations and expenditures are charged except for those amounts allocated to the FEMCIDI Reserve Subfund.

The FEMCIDI Reserve Subfund is a fund for unforeseen activities that may arise during the course of the year. The amount of the Reserve Subfund is equal to 3% of FEMCIDI's pledge collections.

Although SEDI no longer has a formal agreement with the Department of Administration & Finance (DAF), formerly the Secretariat for Management, DAF continues to provide certain financial and accounting related services. Specifically, the services consists of the following: (1) maintaining SEDI's accounts in OASES, (2) holding custody of cash, (3) maintaining existing and implementing new internal controls, (4) creating and approving purchase orders, (5) processing invoices, (6) processing all disbursements, (7) posting transactions to the ledgers, and (8) processing payroll. While DAF provides procedures, processes and technical oversight of funds, SEDI retains responsibility for the control and management of the funds entrusted to it.

2. ACCOUNTING PRINCIPLES

The accompanying financial statements have been prepared in accordance with the Budgetary and Financial Rules of the OAS (Rules). The Rules provide the basis for the accounting principles applied in the preparation of the financial statements. The Rules were adopted to meet budgetary and other requirements of OAS and, as such, result in accounting principles and a financial statement display, which vary, in certain material respects, from accounting principles generally accepted in the United States of America. The Trust for the Americas is presented in the financial statements of SEDI in accordance with the Rules and also in its own separate financial statements, which is prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States

of America. The significant deviations from accounting principles generally accepted in the United States of America are as follows:

- A. SEDI deems it impractical to evaluate the collectibility of voluntary pledges outstanding; therefore, pledges are included in the financial statements of the various funds only to the extent collected. Contributions from Member states and from other interested parties for specific purposes are similarly recorded at the time of collection.
- B. Unliquidated obligations in certain funds include amounts related to commitments resulting from agreements entered into by the funds with the Member states or other institutions to disburse monies for agreed upon purposes. Such amounts do not represent liabilities or unrelated third party commitments at the end of the respective periods. They represent amounts anticipated to be expended in the subsequent year in the completion of a particular program or activity.
- C. The General Assembly of the OAS adopts the consolidated program-budget. In the consolidated budget, the amounts appropriated for substantially all approved (career) personnel costs of SEDI are included in, and financed by, the OAS Regular Fund. In addition, certain other administrative costs benefiting all funds are included in, and financed by, the OAS Regular Fund. The GS/OAS withheld a portion of the OAS allocation to SEDI for execution of these costs.

In lieu of allocating administrative costs to various funds on a services rendered basis, the General Assembly has provided that the other funds pay a contribution to the OAS Regular Fund for administrative and technical support. The amount of the contribution may not bear a direct relationship to the actual cost of the services provided to those funds during the period.

- D. Contributions from Member states and other interested parties in the form of use of facilities and services are

received by certain of the activities of the funds administered by the GS/OAS. With the exception of in-kind contributions to the Trust, no amounts are recorded in the accompanying financial statements relating to the use of such facilities or services in as much as SEDI deems their value inestimable.

- E. A cash flow statement is not presented as required by accounting principles generally accepted in the United States of America.
- F. FEMCIDI contributions received in a fiscal year are expended in the next fiscal year. Revenue is recognized in the year it is received and credited to the FEMCIDI sectoral accounts as instructed by the contributing countries until project execution the following fiscal year. This policy reflects the provisions of the FEMCIDI statutes.

Management has not quantified the impact of these differences to the financial statements.

3. USE OF ESTIMATES

The preparation of financial statements in accordance with the Rules requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

4. EQUITY IN OAS TREASURY FUND

All U.S. dollars available for use in carrying out the activities of the various funds of OAS are consolidated in the Treasury Fund. Each fund administered by the GS/OAS maintains equity to the extent of its cash balance retained therein. The GS/OAS administers the OAS Treasury Fund, and amounts not immediately required for operations are invested. Income earned by the OAS Treasury Fund is added to the equity of each fund in proportion to its balance.

Interest earned from specific and/or trust funds is credited to certain projects as specified in the donor agreements.

5. FOREIGN CURRENCIES

Certain income and expense transactions in 2005 for the Specific Funds were in currencies other than United States of America dollars. These transactions consisted principally of cash deposits, which have been translated into United States of America dollar equivalents at rates of exchange in effect at the time of the transactions. Gains or losses on foreign currency transactions for the year 2005 were not material.

6. EQUIPMENT

Equipment is restricted to equipment purchased directly by the SEDI for the performance of its administrative and project tasks. For the Operations Fund, purchased equipment is recorded at cost and depreciated on a straight-line basis over the estimated useful lives in the accounting records. The composition of Operations funded fixed assets as of December 31, 2005 was as follows:

Equipment		
	Depreciation Basis	2005
Computer Equipment	- 5 years	44,436
Less: Accumulated depreciation		(32,433)
Net Book Value as of Dec. 31		12,003

For project funded equipment, which is the property of the project, the cost and description of the equipment are recorded in memorandum accounts. As of December 31, 2005 undepreciated project assets in custody of SEDI is \$209,089.

7. GRANTS

Grants to SEDI may be subject to donor audit and certain financial reports of funds received and expended may be requested by donors as described in the related agreements. Management believes it is in compliance with all donor requirements.

8. LEASES

SEDI does not own or lease any facilities. Rather, SEDI is assigned a cost by the GS/OAS for the space it occupies in the GSB building. In 2005, the total cost withheld by OAS from the SEDI budget allocation for this purpose was \$183,100.

9. CONTRIBUTIONS

Contributions to Specific Funds, FEMCIDI and Trust for the Americas during the year ended December 31, 2005 are detailed on the following table:

Contributions

Contributor	FEMCIDI	Specific Funds

March 22, 2006

Board of External Auditors
Inter-American Agency for Cooperation and Development
1889 F Street NW
Washington, DC 20006

Dear Ladies and Gentlemen:

We have performed the procedures enumerated below, which were agreed to by the General Assembly and management, solely to assist you with respect to compliance with the General Standards of the Organization of American States during 2005. This engagement to apply agreed-upon procedures was performed in accordance with standards established by the American Institute of Certified Public Accountants. The sufficiency of the procedures is solely the responsibility of the specified users of the report. Consequently, we make no representation regarding the sufficiency of procedures described below either for the purpose for which this report has requested or for any other purpose. The procedures performed and results thereof are broken out between director expenditures and general expenditures. The results are as follows:

1. Director Expenditures

For director expenditures, the population consisted of all director expenditures during 2005. Using the firm's guidance, we determined our sample size to be 20 expenditures based on a 90% confidence level, 2% error rate and 5% tolerable error rate. The 20 sample units (i.e., the expenditures) were selected using a random number generator.

For the samples described above we examined for compliance with the General Standards (hereafter referred to as "GS") in four areas. The four areas are:

- 1) Honoraria
- 2) Hospitality and Representational Allowances
- 3) Personnel (Director level)
- 4) Travel

Testing performed and exceptions are documented below.

Honoraria

For the sample items selected, we tested to ensure no services were rendered to any government entity or gifts, awards or honors were accepted from any government entity without the approval of the Secretary General. No exceptions noted.

Hospitality and Representational Allowances

For the sample items selected, we tested to ensure hospitality and representational allowances are not spent to entertain staff members of the General Secretariat until the Secretary General indicates it is in the best interest of the entity and is properly documented. No exceptions noted.

Personnel (Director level)

For the sample items selected, we tested expenditures related to directors to ensure that personnel at the director level:

- 1) Have current statement of conflict of interest.
- 2) Have proper check signing approval (as applicable).
- 3) Are not considered or listed as a Career Service Member.
- 4) If terminated during 2005 that the director was given proper notices as defined in GS Chapter III, Articles 21.
- 5) Have current statements of personal net worth upon hire date.
- 6) Have sworn statements of personal associations.

No exceptions noted.

Travel

For the sample items selected, we tested expenditures related to travel to ensure the following:

- 1) Travel is approved in advance and in writing.
- 2) Senior members produce a quarterly official travel plan approved by the Secretary General one month in advance.
- 3) Supervisors complete a quarterly report of official travel of all travel carried out during the three months prior to completing the quarterly report.
- 4) Travel expense claims require approval by the supervisor within 15 days of return from travel.

No exceptions noted.

2. General Expenditures

For general expenditures, the population consisted of all expenditures during 2005 (excluding director expenses). Using the firm's guidance, we determined our sample size to be 21 expenditures based on a 90% confidence level, 2% error rate and 5% tolerable error rate. The 21 sample units (i.e., the expenditures) were selected using a random number generator. For 2 out of 21 expenditures tested, management could not locate any support for the 2 expenditures.

For the sample described above, we examined for compliance with the General Standards (GS) in eight general areas. The eight areas are as follows:

- 1) Fixed Assets
- 2) Grants
- 3) Honoraria
- 4) Hospitality and Representational Allowances
- 5) Obligations
- 6) Performance Contracts (including Personal Service Contracts)
- 7) Procurement Contracts
- 8) Travel

The testing performed and exceptions noted are documented below.

Fixed Assets

For the sample items selected, we tested expenditures related to fixed assets ensure the following:

- 1) The acquisitions were properly approved by the appropriate officials with budgetary expenditure authority.
- 2) All related costs to acquire the property are considered for capitalization.
- 3) All expenditures greater than \$500 are capitalized.
- 4) Property is depreciated on a straight line basis.
- 5) Prenumbered labels are affixed to fixed assets upon receipt with proper records being maintained.
- 6) Inventories taken at regular intervals.

SB & COMPANY, LLC
EXPERIENCE • QUALITY • CLIENT SERVICE

- 7) An accounting of fixed assets is prepared at regular intervals.

No exceptions noted.

Grants

For the sample items selected, we tested grants to ensure the following:

- 1) Grants are properly approved.
- 2) Grants related to inventoried equipment have a properly approved Memorandum of Certification.

No exceptions noted.

Honoraria

For the sample items selected, we tested to ensure no services were rendered to any government entity or gifts, awards or honors were accepted from any government entity without the approval of the Secretary General. No exceptions noted.

Hospitality and Representational Allowances

For the sample items tested, we tested to ensure hospitality and representational allowances are not spent to entertain staff members of the General Secretariat unless the Secretary General indicates it is in the best interest of the entity and is properly documented. No exceptions noted.

Obligations

For the sample items selected, we tested the obligations to ensure:

- 1) Obligation records are maintained and filed.
- 2) Appropriate support is obtained by the Department of Financial Services before disbursements are made.
- 3) That on a quarterly basis, each dependency of the General Secretariat submit to the Department of Management Analysis and Planning Support Services (DMAPSS) a report indicating the status of obligations that have not been fully expended in the 180 days since they were made.
- 4) Appropriations are available to meet the obligations incurred during the year.
- 5) All obligations shall be recorded in the accounting system.
- 6) All obligations must have a beginning and end date.

SB & COMPANY, LLC
EXPERIENCE • QUALITY • CLIENT SERVICE

- 7) Obligations during the year do not exceed the estimated income from quotas and other revenues, unless properly approved, by fund level.
- 8) Obligations must be based on firm commitments when they are approved and legally binding.

We note the following exception:

- We were missing the related purchase order for one expenditure.

Performance Contracts

For the sample items selected, we tested expenditures related to performance contracts to ensure the following:

- 1) Performance contracts are approved by the proper level of authority.
- 2) No performance contracts are committed to, signed or executed unless all funds are available and assigned to the contract.
- 3) Contracts for more than \$50,000 are approved by the Director of Legal Services.
- 4) Performance contracts for the specific fund shall not exceed a period of three years.
- 5) Within 30 days of signing the contract, an executed copy of the contract shall be sent to the Chief Office of Procurement Management Services (OPMS).
- 6) Contracts greater than \$20,000 should be accompanied by required documentation and financial statements.
- 7) Performance contracts for greater than \$70,000 funded by the specific fund require competitive bidding.
- 8) Payment should be made upon the contractor's invoice and an authorizing official noting the service has been satisfactorily provided.
- 9) Upon completion of the contract, certification for final payment must be accompanied by an evaluation of the service and signed by the authorizing contract official.

We noted the following exception:

- One of the performance contracts tested did not have an executed copy of the contract sent to the Chief Office of Procurement Management Services.

Procurement Contracts

For the sample items selected, we tested expenditures related to procurement contracts to ensure the following:

- 1) Procurement contracts must be approved by a Director level or above.
- 2) Procurement contracts greater than \$30,000 require approval by the Contract Awards Committee.
- 3) Construction greater than \$50,000 and other procurement contracts greater than \$75,000 shall be reviewed by the Department of Legal Services.
- 4) Construction contracts greater than \$250,000 require contractors to be bonded.
- 5) Procurement contracts greater than \$999 require quotes from three suppliers.
- 6) Procurement contracts may not be entered into with certain entities/individuals of Member States.
- 7) Procurement contracts greater than \$10,000 require written justification.

No exceptions noted.

Travel

For the sample items selected, we tested expenditures related to travel to ensure the following:

- 1) Travel is approved in advance and in writing.
- 2) Supervisors complete a quarterly report of official travel of all travel carried out during the three months prior to completing the quarterly report.
- 3) Senior members produce an official travel plan approved by the Secretary General one month in advance.
- 4) Travel advances require approval and required supporting documents (i.e., itinerary).
- 5) Travel expense claims require approval by the supervisor within 15 days of return from travel.

No exceptions noted.

We were not engaged to, and did not perform an audit, the objective of which would be the expression of an opinion on the specified elements, accounts, or items. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.
