

PCC.III/DEC. 27 (X-98)¹

**IDENTIFICATION OF PRESENT AND PLANNED USAGE OF THE 746-806 MHZ
BAND**

The Tenth Meeting of the Permanent Consultative Committee III: Radiocommunications decided that:

1. That CITELE Member States examine their present and planned use of the 746-806 MHz band and provide such information at the next PCC III meeting; and.
2. That this information on the present and planned usage of the 746-806 MHz band be subsequently shared with PCC II for its consideration and comment.

¹ Distributed as PCC.III/doc.951/98 rev.1.
