¹ COM/CITEL/doc. 1272/08

	<p>BEARING IN MIND:</p> <p>That CITEL will hold the Fifth Regular meeting of its Assembly in 2010;</p> <p>RECOGNIZING:</p> <p>That CITEL carried out the following activities during 2008:</p> <ul style="list-style-type: none"> a. The approval of several recommendations regarding the coordination of standards to guarantee the interoperability and appropriate introduction of advanced technologies; harmonization of the radio spectrum and operation of radiocommunication services, including broadcasting; development and implementation of advanced technologies and economic aspects to promote the development of telecommunication services and networks; b. The offering of several professional updating courses on telecommunications with materials prepared by training centers accredited in the region in coordination with the Centre of Excellence for the Americas Region of the International Telecommunication Union (ITU); c. The coordination and harmonization of regional perspectives before world telecommunication forums through the development of common positions and Inter-American Proposals; and d. The organization of several seminars and workshops about priority issues for the countries; and <p>RESOLVES:</p> <ul style="list-style-type: none"> 1. Reiterate and strengthen the priority mandate of CITEL to attend to the constant evolution of the information and communication technologies (ICTs) and reduce the gap that divides developed and developing countries with regards to telecommunications. 2. [Instruct the Commission on Administrative and Budgetary Affairs of the Permanent Council to assign the resources necessary for holding the Fifth Assembly of CITEL.] Notre: This paragraph will be included only if there is no specific line item for this meeting in the budget for fiscal year 2010. 3. Request the Secretary General to lobby before the governments of the Member States to secure the participation of the highest governmental telecommunication authorities in order to guarantee the success of the Fifth Ordinary Meeting of the CITEL Assembly to be held in the first quarter of 2010.

	<p>4. To commission the General Secretariat of the OAS to support, through CITEL, the efforts of the Member States that aim at:</p> <ul style="list-style-type: none"> a. Supporting telecenter setup programs which include not only the provision of applications useful for the activities in the area but also guidance and education so that citizens may use these applications. b. Complying inasmuch as possible with the guidelines and requirements related to the use and sharing of the frequency spectrum established by CITEL to harmonize the spectrum use. c. Updating national policies and legislations and promoting the exchange of experiences taking into account that the network and service convergence process is generating a new scenario that requires the creation of suitable standards. d. Enhancing the efforts to have preparation plans to effectively address emergencies caused by natural disaster to which all of the Region's countries are vulnerable. e. Promoting the dissemination and application of CITEL Recommendations among different actors, so that they can contribute to their implementation; f. Enhance the preparation and follow-up processes of high-level international telecommunication meetings and, in particular, the preparation of Inter-American Proposals (IAPs) for them; g. Promoting the use of information and communication technologies and, in particular, the availability of broadband infrastructure; and h. Intensifying the cooperation between developed and developing countries as well as among developing countries in order to facilitate access to the telecommunication infrastructure, in particular, in rural areas.
