

REGISTRY OF PROJECTS IN THE AMERICAS REGION

The 28 Meeting of Permanent Consultative Committee I: Telecommunications/Information and Communication Technologies (PCC.I),

DECIDES:

1. To instruct the Rapporteurship on follow-up of regional initiatives:
 - a) To keep, in coordination with the ITU Regional Office, a registry of projects and activities that are developed to ensure compliance with regional initiatives and report progress achieved every six months.
 - b) To request from (member states / Regional Office) information about projects already implemented in order to learn about their results, success, and elements for improvement in the process, as well as their impact on the population, among others. This Rapporteurship shall present a review of the actions undertaken at the PCC.I meeting prior to the beginning of the Regional Preparatory Meeting for WTDC-2017.
